Summary

Detail-oriented UI/UX Designer with a background in Computer Science and a passion for creating clean, user-friendly digital products. Skilled in Figma, wireframing, and user research, with practical experience collaborating with developers to build functional interfaces. Eager to bring my design skills and strong attention to detail to a UI/UX Designer role.

Experience

Mamo Technolabs LLP

May 2026 – Present

UI/UX Designer Intern

- Designed interactive wireframes, prototypes, and high-fidelity user interfaces in Figma, focusing on rapid iteration and user-centered design principles.
- Conducted user research and usability testing to identify friction points, significantly improving visual hierarchy and layout clarity.
- Collaborated closely with development teams to ensure seamless design implementation and consistent developer handoffs.

D and K Professional Studies LLP

Jan 2026 – Apr 2026

UI/UX Designer Intern

- Redesigned the company website using Wix Studio and standard UX principles, improving mobile responsiveness and overall user engagement.
- Designed a simple result-download interface within existing student portals, making complex data easier for students to read and navigate.
- Created digital marketing graphics, website mockups, and visual design assets for online educational campaigns.

Parul University

Nov 2024 – Apr 2025

Impact Trainee (Apprenticeship)

- Completed a hands-on Impact training during college, focusing on building real websites and managing daily tasks.
- Designed app screens, wireframes, and prototypes from scratch using simple and clean layouts.
- Built responsive websites and web pages, turning my UI designs into actual working code.
- Solved daily design and coding problems while organizing my tasks to meet every project deadline.
- Worked closely with team members to share feedback, review designs, and improve our websites together.
- Showed great time management and punctuality, completing 100% of my daily tasks on time.

Projects

Organic Shop – Mobile App UI Design

[View on Figma](#) 

- Designed a complete 120+ screen high-fidelity mobile UI in Figma for an organic grocery shopping app, featuring soft shadows, clean gradients, and a nature-inspired visual style.
- Built the entire interface on a strict 8-point grid system across 7 e-commerce categories to maintain consistent spacing, visual alignment, and standard 48x48px touch targets.
- Created complete end-to-end user flows including login/registration with form validation, card and list product views, interactive store maps, and custom popup/toast notifications.

Personal Portfolio & UI/UX Design Showcase

[Live Link](#) 

- Built a responsive portfolio from scratch with HTML5, CSS3, and Vanilla JavaScript, achieving a 100% Lighthouse performance score.
- Integrated dynamic Light/Dark mode toggling using CSS variables for seamless theme accessibility.
- Designed interactive elements including a custom JavaScript Lightbox gallery and scroll-reveal micro-animations.
- Established a clean design system with precise typography, modular grid layouts, and strict visual hierarchy.

Skills & Tools

- **UI/UX Design:** Wireframing, High-Fidelity Prototyping, User Research, Usability Testing, Information Architecture, Design Systems, Visual Hierarchy, Accessibility, 8-Point Grid System.
- **Design Tools & Software:** Figma, Adobe XD, Wix Studio, Canva, Jira, Git, GitHub.
- **Core Strengths:** Impact Training, Project Management, Time & Attendance, Team Management, Task Management, Problem Solving.
- **Web Technologies:** Basic HTML5, CSS3, Responsive Layouts (Used for effective communication and hand-off with developers).

Education

Parul University

B.Tech. in Computer Science and Engineering

2023 – 2026

CPI: 8.27

RMS Polytechnic, Vadodara

Diploma in Computer Engineering

Graduated 2023

CGPA: 8.60
